Management Report of Fund Performance for the period/year ended March 31, 2023

This annual management report of fund performance contains financial highlights but does not contain the complete annual financial statements of the investment fund. You can get a copy of the annual financial statements at your request, and at no cost, by calling 1-800-792-9355, by writing to us at CI Investments Inc., 15 York Street, Second Floor, Toronto, ON, M5J 0A3 or by visiting our website at www.ci.com or SEDAR at www.sedar.com.

Securityholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

INVESTMENT OBJECTIVE AND STRATEGIES

The investment objective of the CI International Equity Fund (the Fund) is to seek long-term capital growth by investing primarily in equity securities of companies located outside of Canada and the United States.

When selecting securities for the Fund, the portfolio advisor evaluates the merits of each company in terms of its leadership position within its industry, the strength of management, profit growth and the potential for capital appreciation. In order to develop a proprietary view of the company, the portfolio advisor also considers overall macro-economic conditions, historical financial performance of the company, trends and technological changes in the business, sensitivity to economic factors, as well as other factors which may affect the future economics of the business.

For a complete discussion of the Fund's investment objective and strategies, please refer to the Fund's most recently filed simplified prospectus.

RISK

No changes affecting the overall level of risk associated with investing in the Fund were made during the period/year. The risks of the Fund remain as discussed in the Fund's most recently filed simplified prospectus or its amendments. The Manager reviews the risk rating for the Fund on an annual basis, at a minimum, based on the methodology mandated by the Canadian Securities Administrators to determine the risk level of the Fund. Any change to the risk rating made during the period/year was as a result of such review and was not a result of any change to the investment objective, strategies or management of the Fund.

RESULTS OF OPERATIONS

The Fund's net assets decreased by \$12.3 million to \$993.6 million from March 31, 2022 to March 31, 2023. The Fund had net redemptions of \$67.6 million during the year. The portfolio's performance increased assets by \$76.3 million. The Fund paid distributions totalling \$21.0 million. Series A units returned 6.6% after fees and expenses for the one-year period ended March 31, 2023. Over the same time period, the Fund's benchmark returned 7.2%. The benchmark is the MSCI EAFE Total Return Index (the Benchmark or the Index).

The performance of the Fund's other Series is substantially similar to that of Series A units, except for differences in the structure of fees and expenses. For the returns of the Fund's other Series, please refer to the "Past Performance" section.

The year was characterized by global uncertainty resulting from the Russia-Ukraine war and its impact on inflation and supply chains, as well as central banks' raising of interest rates in response. Non-U.S. equities, as defined by the MSCI ACWI ex-USA Index, declined 5.1% (in U.S.-dollar terms) for the year. However, investors entered 2023 with optimism surrounding China's reopening from COVID-19 pandemic lockdowns, followed by a drop in February as high inflation caused investors to reassess riskier assets. The early March market dip caused by the collapse of two U.S. regional banks and a quick sale of Credit Suisse Group AG to UBS Group AG proved short-lived. Investors again embraced risk, with volatile equity markets ending the first quarter of 2023 higher.

The Fund underperformed its benchmark for the year. Stock selection within the consumer discretionary, communication services, information technology and energy sectors detracted from the Fund's performance. The largest individual detractors from the Fund's performance were holdings in Rakuten Group Inc., Telefonaktiebolaget LM Ericsson and Indus Towers Ltd. Rakuten Group Inc. delivered revenue growth in all three of its segments for 2022, but ongoing strategic investment in the mobile segment led to an operating loss. Telefonaktiebolaget LM Ericsson reported stronger sales in 2022, but its profitability was negatively impacted by higher input costs, increased research and development investments, and one-off charges. Indus Towers Ltd.'s shares were weak due to a telecommunications market shift in India, which led to one of its main customers losing market share, which resulted in substantial unpaid payment obligations that are due to Indus Towers.

Stock selection in the materials, consumer staples, financials and industrials sectors contributed to the Fund's performance. Top individual contributors to the Fund's performance included HeidelbergCement AG, BAE Systems PLC and STMicroelectronics NV. HeidelbergCement AG announced record calendar-year revenue for 2022, with price increases more than offsetting the decline in volumes. BAE Systems PLC's shares performed well given continued geopolitical uncertainty and heightened concerns around cyber security. The company's sales were up 4.4% in 2022 and underlying earnings before interest and tax was up 5.5%. For 2023, the company expects higher revenue and earnings given expectations of increased military spending. STMicroelectronics NV beat fourth-quarter 2022 sales and earnings expectations, as strong demand from automotive and industrial customers helped buffer a challenging economic environment.

CI International Equity Fund

Management Report of Fund Performance for the period/year ended March 31, 2023

We added new positions in Essity AB, NICE Ltd. and Worldline SA to the Fund. Essity AB is a leading health and hygiene company with a strategic focus on higher-margin, valued-added categories in personal care. NICE Ltd. is an Israel-based enterprise software company. The company provides on-premises and cloud-based software applications for workforce engagement management and workforce optimization. Worldline SA, a payment service provider offering merchant acquiring, payment processing and payment infrastructure solutions to merchants and banks, was also added to the Fund. The company's 2020 acquisition of Ingenico added a leading global point-of-sale terminal business to its portfolio.

We eliminated a Fund position in Koninklijke Boskalis Westminster NV after the company's share price rose due to a buyout offer from its majority shareholder, HAL Holding NV. A holding in GSK PLC was sold from the Fund. The company's shares have performed well given the company's renewed focus on innovative biopharmaceuticals and its plan to spin out its consumer health care business, Haleon. A holding in Sinopharm Group Co. was sold from the Fund in favour of new ideas with a higher future return potential. The company's share price has underperformed amid ongoing growth and margin pressure on drug distribution due to volume-based procurement regulations in China.

RECENT DEVELOPMENTS

Global economic growth will likely continue to slow this year as rising interest rates and geopolitical uncertainty weigh on activity. Demand-driven inflation in supply chains has begun to ease, and commodity price inflation is also normalizing. However, a tight labour market has increased workers' bargaining power, and a historic worker shortage has pushed up wages.

Globally, corporate profits have remained resilient, given that companies have been able to increase prices to offset rising costs. However, labour inflation, slowing growth and tighter monetary conditions should make volume growth harder to achieve in 2023 and 2024. Equity markets have adjusted to higher interest rates, but inflation will likely weigh on profits even as revenues grow. Stock valuations are less demanding in foreign markets, such as Europe, the United Kingdom and Japan, versus the United States.

Independent Review Committee

Effective October 6, 2022, John Sheedy became a member of the Independent Review Committee (IRC) of CI Funds.

Administrator

Effective July 11, 2022, RBC Investor Services Trust ceased acting as the administrator to the Fund and CIBC Mellon Global Securities Services Company started acting as the administrator to the Fund.

RELATED PARTY TRANSACTIONS

Manager, Portfolio Adviser, Trustee and Registrar

CI Investments Inc. is the Manager, Portfolio Adviser, Trustee and Registrar of the Fund. CI Investments Inc. is a subsidiary of CI Financial Corp. The Manager, in consideration for management fees, provides management services required in the day-to-day operations of the Fund. The Manager bears all of the operating expenses of the Fund (other than taxes, borrowing costs and new governmental fees) in return for an administration fee.

Management fee and administration fee rates as at March 31, 2023, for the Series/Class or for each of the Series/Classes, as applicable, is/are shown below:

	Annual management fee rate (%)	Annual administration fee rate (%)
Series A	2.000	0.22

Independent Review Committee

The Manager, in respect of the Fund, received the following standing instructions from the IRC with respect to related party transactions:

The applicable standing instructions require, amongst others, that related party transactions be conducted in accordance with the Manager's policies and procedures and applicable law and that the Manager reports related party transactions periodically to the IRC and advise the IRC of any material breach of such policies. The Manager's policies and procedures require that investment decisions in respect of related party transactions (a) are free from any influence by an entity related to the Manager and without taking into account any consideration relevant to an entity related to the Manager; (b) represent the business judgment of the Manager, uninfluenced by considerations other than the best interests of the Fund; (c) do not exceed the limitations of the applicable legislation; and (d) achieve a fair and reasonable result for the Fund.

Except as otherwise noted above under Related Party Transactions section, the Fund was not a party to any related party transactions during the period/year ended March 31, 2023. If the Fund invested in related party transactions, it relied on the IRC's standing instructions regarding related party transactions during this reporting period/year.

(1) This information is derived from the Fund's audited annual financial statements.

(2) Management expense ratio is calculated based on expenses charged to the Fund (excluding commissions and other portfolio transaction costs) and is expressed as an annualized percentage of daily average net assets for the period/year, including the Fund's proportionate share of any underlying fund(s) expenses, if applicable. The Effective HST tax rate is calculated using the attribution percentage for each province based on unitholder residency and can be different from 13%.

(3) The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net assets during the period/year, including the Fund's proportionate share of such expenses of any underlying fund(s), if applicable.

(4) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the fiscal period/year. The higher a Fund's portfolio turnover rate in a period/year, the greater the trading costs payable by the Fund in the period/year, and the greater the chance of an investor receiving taxable capital gains in the period/year. There is not necessarily a relationship between a higher turnover rate and the performance of a Fund. Portfolio turnover rate is calculated by dividing the lesser of the cost of purchases and the proceeds of sales of portfolio securities for the period/year, and excluding cash and short-term investments maturing in less than one year, and before assets acquired from a merger, if applicable, by the average of the monthly fair value of investments during the period/year.

(5) This information is provided for the period(s)/year(s) ended March 31.

PAST PERFORMANCE

This section describes how the Fund has performed in the past. Remember, past returns do not indicate how the Fund will perform in the future. The information shown assumes that distributions made by the Fund in the period(s)/year(s) shown were reinvested in additional units of the Fund or relevant Series/Class of the Fund, as applicable. In addition, the information does not take into account sales, redemption, distribution or other optional charges that would have reduced returns or performance.

Year-by-Year Returns

The following chart/charts shows/show the Fund's annual performance for each of the period(s)/year(s) shown and illustrates/illustrate how the Fund's performance has changed from period/year to period/year. In percentage terms, the chart/charts shows/show how much an investment made on the first day of each financial period/year would have grown or decreased by the last day of each financial period/year, except where noted.

1 2016 return is for the period from August 04, 2015 to March 31, 2016.

2 2018 return is for the period from February 21, 2018 to March 31, 2018.

3 2018 return is for the period from May 01, 2017 to March 31, 2018.
