

# Sentry Global Mid Cap Income Fund

Management Report of Fund Performance for the year ended March 31, 2019

This annual management report of fund performance contains financial highlights but does not contain the complete annual financial statements of the investment fund. You can get a copy of the annual financial statements at your request, and at no cost, by calling 1-800-563-5181, by writing to us at CI Investments Inc., 2 Queen Street East, Twentieth Floor, Toronto, ON, M5C 3G7 or by visiting our website at [www.ci.com](http://www.ci.com) or SEDAR at [www.sedar.com](http://www.sedar.com).

Securityholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

## INVESTMENT OBJECTIVE AND STRATEGIES

The investment objective of Sentry Global Mid Cap Income Fund (the Fund) is to provide regular income and capital appreciation by investing primarily in a diversified portfolio of medium capitalization companies from around the globe. To a lesser extent, the Fund may also invest in equity securities of global companies with a small and large capitalization. The Fund may also hold preferred securities and convertible debentures. The Manager employs a value-oriented investment approach, using fundamental analysis to identify global companies that have high returns on invested capital, generate free cash flow and have modest capital expenditure requirements. The Fund has the ability to invest up to all of its assets in foreign securities. For a complete discussion of the Fund's investment objective and strategies, please refer to the Fund's most recently filed simplified prospectus.

## RISK

No changes affecting the overall level of risk associated with investing in the Fund were made during the year. The risks of the Fund remain as discussed in the Fund's most recently filed simplified prospectus or its amendments. The Manager reviews the risk rating for the Fund on an annual basis, at a minimum, based on the methodology mandated by the Canadian Securities Administrators to determine the risk level of the Fund. Any change to the risk rating made during the year was as a result of such review and was not a result of any change to the investment objective, strategies or management of the Fund.

## RESULTS OF OPERATIONS

The net asset value of the Fund decreased by \$6.2 million to \$18.8 million from March 31, 2018 to March 31, 2019. The Fund had net redemptions of \$5.5 million during the year. The portfolio's performance increased assets by \$0.1 million. The Fund paid distributions totalling \$0.8 million. Series A units returned 1.1% after fees and expenses for the one-year period ended March 31, 2019. Over the same time period, the Fund's benchmark returned 3.5%. The benchmark is the MSCI World Mid Cap Total Return Index.

The performance of the Fund's other Series is substantially similar to that of Series A units, except for differences in the structure of fees and expenses. For the returns of the Fund's other Series, please refer to the "Past Performance" section.

Although the global economy performed well throughout 2018, economic growth appeared to be slowing. While equities took their cue from a dovish pivot in monetary policy from the U.S. Federal Reserve and other central banks globally, fixed-income markets focused on a slowing economic backdrop and risks to the global economy.

In Canada, several indicators signalled a slowdown including stock market volatility, an inverted yield curve, weaker retail sales and a decline in real estate investment. In the United States, leading and lagging indicators pointed to a slowdown, which was also

reflected in corporate profit growth for large-capitalization businesses. While this level of growth is still healthy, central banks globally took note of the slowing trends.

In Europe, economic strength was uncertain given the impact of the United Kingdom's exit from the European Union (EU). Weaker economic data, trade policy uncertainty, political divisiveness and a strong U.S. dollar contributed to the underperformance of international equity markets. The economic deceleration in select economies outside of the United States, including China, was more pronounced in the latter part of the year.

The Fund underperformed its benchmark over the year largely as a result of stock selection within the information technology, financials and industrials sectors. Individual contributors to performance included Smartsheet Inc., LendingTree Inc. and Atlassian Corp. PLC.

Smartsheet is a leader in the workflow management industry. With its product advantage, it employs an efficient go-to-market strategy that allows customers to test the product before paying for additional functionality, which should drive durable long term growth and high margins over time. The company currently has relationships with 60% of Fortune 500 companies. LendingTree offers a broad range of financial services products to U.S. customers at industry-leading prices. The company should be able to demonstrate earnings growth at over 20% for the next few years, combined with gradual margin expansion. Its management team is aligned with shareholders as the founder and CEO owns 17% of the company. In addition, we have a favourable view of its recent acquisition of QuoteWizard.com LLC. Atlassian designs and develops enterprise software and reported very strong growth as the company continues to expand its product offering and increase penetration rates.

Security selection within the consumer discretionary sector detracted from the Fund's performance, as did an underweight allocation to the real estate sector. Individual detractors from performance included a holding in Bygghem AB. This Sweden-based home improvement retailer saw mixed financial results as its turnaround effort has yet to yield results. A sluggish macroeconomic environment negatively impacted sales.

The Fund's allocation to the communication services and health care sectors was reduced, while its exposure to the financials and information technology sectors was increased.

## RECENT DEVELOPMENTS

The continued economic moderation is expected amid uncertainties around the trade dispute between the United States and China, China's slowing economic growth and unstable European politics. Global earnings growth is also set to moderate in 2019, tracking the more subdued growth outlook.

# Sentry Global Mid Cap Income Fund

Management Report of Fund Performance for the year ended March 31, 2019

In Canada, we continue to monitor several factors including consumer debt, job growth and export numbers, as well as key leading and lagging indicators in the United States and their impact on investments.

Abroad, we continue to monitor the United Kingdom's exit from the EU as well as China's fiscal and monetary stimulus and the challenges it faces from high indebtedness, slowing property construction and poor demographics.

Given this backdrop, it is more challenging to find attractive risk-reward opportunities. We focus on finding investments in durable, compounding businesses through a disciplined investment process and on building a resilient portfolio in areas that offer attractive risk adjusted return potential.

## **New Accounting Standard – IFRS 9**

Effective April 1, 2018, the Fund retrospectively without restatement adopted IFRS 9, *Financial Instruments* (IFRS 9). The new standard requires financial assets to be either carried at amortized cost or at fair value with changes in fair value recognized in profit and loss (FVTPL) or in other comprehensive income (FVOCI) based on the Fund's business model for managing financial assets and the contractual cash flow characteristics of the financial assets. Upon transition to IFRS 9, the Fund's financial assets and financial liabilities previously designated as FVTPL or classified as held for trading under IAS 39, *Financial Instruments: Recognition and Measurement* (IAS 39) continue to be classified as FVTPL under IFRS 9. There were no changes in the measurement attributes for any of the Fund's financial assets and financial liabilities upon transition to IFRS 9.

On June 1, 2018, Sentry Investments Inc. amalgamated with CI Investments Inc. (CI) and Sentry Investments Corp. After the amalgamation, members of the Independent Review Committee (IRC) of the CI family of funds also became members of the Sentry Funds' IRC (together, the CI Funds IRC). Previous members of the Sentry Funds' IRC resigned on May 31, 2018.

On September 1, 2018, the Administration Fee proposal that was approved by unitholders during a special meeting held on May 3, 2018 came into effect. Effective September 1, 2018, CI Investments Inc. bears all of the operating expenses of the Fund (other than taxes, borrowing costs and new governmental fees) in return for the Administration Fee. Further details about the Administration Fee can be found in the Fund's most recent simplified prospectus and annual information form or their amendments at [www.sedar.com](http://www.sedar.com).

Effective September 20, 2018, Tom Eisenhauer became a member of the CI Funds' IRC, and effective October 15, 2018, Mary Robertson resigned as a member of the CI Funds' IRC.

## **RELATED PARTY TRANSACTIONS**

### **Manager, Portfolio Advisor and Trustee**

CI Investments Inc. is the Manager, Portfolio Advisor and Trustee of the Fund. CI Investments Inc. is a subsidiary of CI Financial Corp. The Manager, in consideration for management fees, provides management services required in the day-to-day operations of the Fund. The Manager bears all of the operating expenses of the Fund (other than borrowing and interest costs, investor meeting costs (as permitted by Canadian securities regulation), the fees and expenses of the Independent Review Committee, the fees, costs and expenses associated with compliance with any new governmental and regulatory requirements imposed on or after February 16, 2018 and new governmental fees or with

any changes to existing governmental and regulatory requirements imposed on or after February 16, 2018 (including increases to regulatory filing fees), any new types of costs, expenses or fees not incurred prior to February 16, 2018, including those arising from new government or regulatory requirements or related to those external services that were not commonly charged in the Canadian mutual fund industry as of February 16, 2018, and operating expenses that were or are outside the normal course of business of the Fund on or after February 16, 2018) in return for a fixed administration fee.

Management fee and fixed administration fee rates as at March 31, 2019, for each of the Series are shown below:

	<b>Annual management fee rate (%)</b>	<b>Annual fixed administration fee rate (%)</b>
<b>Series A</b>	2.000	0.22
<b>Series B</b>	2.250	0.22
<b>Series F</b>	1.000	0.22
<b>Series I</b>	paid directly by investor	-
<b>Series P*</b>	paid directly by investor	0.15

\*Effective on or about September 24, 2018, Series O were re-designated as Series P.

The Manager received \$0.4 million in management fees and \$0.1 million in fixed administration fees for the year.

During the year ended March 31, 2019, the Manager of the Fund absorbed \$28,000 in management fees.

### **Management Fees**

Approximately 27% of total management fees were used to pay for sales and trailing commissions. The remaining 73% of management fees were used to pay for investment management and other general administration.

### **Inter-Fund Trading**

Inter-fund trading occurs when a Fund purchases or sells a security of any issuer from or to another Fund managed by the Manager. These transactions are executed through market intermediaries and under prevailing market terms and conditions. The Independent Review Committee reviews such transactions during scheduled meetings. During the year ended March 31, 2019 the Fund executed inter-fund trades.

### **Independent Review Committee**

The Fund received standing instructions from the Fund's Independent Review Committee with respect to the following related party transactions:

- trades in securities of CI Financial Corp.; and
- purchases or sales of securities of an issuer from or to another investment fund managed by the Manager.

The applicable standing instructions require that related party transactions be conducted in accordance with the Manager's policies and procedures and that the Manager advise the IRC of any material breach of a condition of the standing instructions. The

# Sentry Global Mid Cap Income Fund

*Management Report of Fund Performance for the year ended March 31, 2019*

---

standing instructions require, among other things, that investment decisions in respect of related party transactions (a) are free from any influence by an entity related to the Manager and without taking into account any consideration relevant to an entity related to the Manager; (b) represent the business judgment of the Manager uninfluenced by considerations other than the best interests of the Fund; (c) are made in compliance with the Manager's policies and procedures; and (d) achieve a fair and reasonable result for the Fund. Transactions made by the Manager under the standing instructions are subsequently reviewed by the IRC on a quarterly basis to monitor compliance.

The Fund relied on the IRC's standing instructions regarding related party transactions during this reporting year.

Except as otherwise noted above, the Fund was not a party to any related party transactions during the year ended March 31, 2019.

---

(1) This information is derived from the Fund's audited annual financial statements.

(2) Net assets per unit and distributions per unit are based on the actual number of units outstanding for the relevant series at the relevant time. The increase (decrease) in net assets from operations per unit is based on the weighted average number of units outstanding for the relevant series over the fiscal year.

(3) Distributions are automatically reinvested in additional units of the Fund.

(4) This information is provided for the years ended March 31.

(1) This information is derived from the Fund's audited annual financial statements.

(2) Management expense ratio is calculated based on expenses charged to the Fund (excluding commissions and other portfolio transaction costs) and is expressed as an annualized percentage of daily average net assets for the year, including the Fund's proportionate share of any underlying fund(s) expenses, if applicable. The Effective HST tax rate is calculated using the attribution percentage for each province based on unitholder residency and can be different from 13%.

(3) The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net assets during the year, including the Fund's proportionate share of such expenses of any underlying fund(s), if applicable.

(4) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the fiscal year. The higher a Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a higher turnover rate and the performance of a Fund. Portfolio turnover rate is calculated by dividing the lesser of the cost of purchases and the proceeds of sales of portfolio securities for the year, and excluding cash and short-term investments maturing in less than one year, and before assets acquired from a merger, if applicable, by the average of the monthly fair value of investments during the year.

(5) This information is provided for the years ended March 31.

# Sentry Global Mid Cap Income Fund

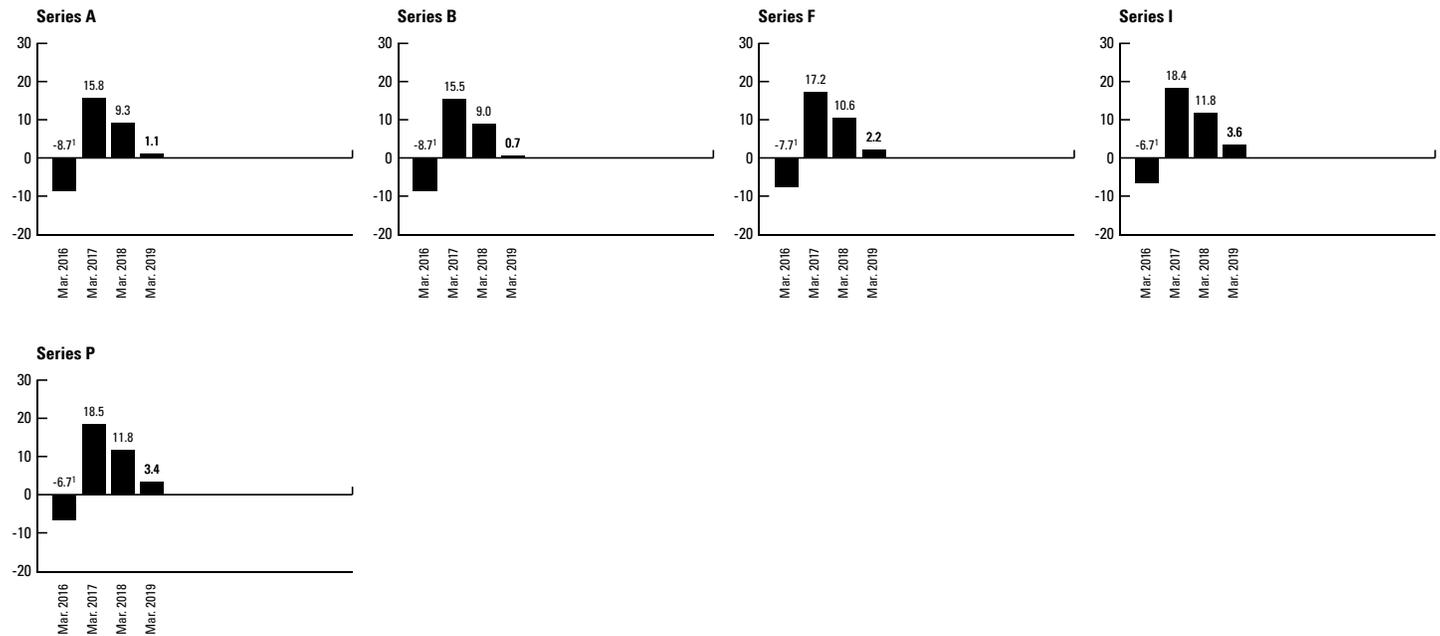

Management Report of Fund Performance for the year ended March 31, 2019

## PAST PERFORMANCE

This section describes how the Fund has performed in the past. Remember, past returns do not indicate how the Fund will perform in the future. The information shown assumes that distributions made by the Fund in the years shown were reinvested in additional units of the relevant series of the Fund. In addition, the information does not take into account sales, redemption, distribution or other optional charges that would have reduced returns or performance.

### Year-by-Year Returns

The following charts show the Fund's annual performance for each of the years shown and illustrate how the Fund's performance has changed from year to year. In percentage terms, the charts show how much an investment made on the first day of each financial year would have grown or decreased by the last day of each financial year, except where noted.

<sup>1</sup> 2016 return is for the period from June 10, 2015 to March 31, 2016.

The summary of investment portfolio may change due to ongoing portfolio transactions of the Fund and updates will be available on a quarterly basis.

## A NOTE ON FORWARD-LOOKING STATEMENTS

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words "may," "could," "should," "would," "suspect," "outlook," "believe," "plan," "anticipate," "estimate," "expect," "intend," "forecast," "objective," and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any

forward-looking statement made by the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchanges rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.
