Risk Rating

CI Investments Inc. has rated the volatility of this fund as high.
This rating is based on how much the fund’s returns have changed from year to year. It doesn’t tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund’s returns, see the “What are the risks of investing in this Fund?” section of the fund’s simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn’t have any guarantees. You may not get back the money you invest.
How has the fund performed?
This section tells you how Series F securities of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund’s returns.

Year-by-year returns
This chart shows how Series F securities of the fund performed in each of the past 10 calendar years. This fund series dropped in value in 5 of the last 10 calendar years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns
This table shows the best and worst returns for Series F securities of the fund in a 3-month period over the past 10 years to April 30, 2020. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

Who is this fund for?
This fund may be suitable for you if you:
- are willing to accept a high degree of risk
- are seeking a growth fund investing in the precious metals sector
- are seeking to add diversification to your investment portfolio
- are planning to hold your investment for the long term

A word about tax
In general, you’ll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan, or a Tax-Free Savings Account. Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.
How much does it cost?
The following tables show the fees and expenses you could pay to buy, own and sell Series F securities of the fund. The fees and expenses - including any commissions - can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges
No sales charge is paid when you own Series F securities of the fund.

2. Fund expenses
You don't pay these expenses directly. They affect you because they reduce the series' returns.
As of March 31, 2020, the expenses of Series F of the fund were 1.46% of its value. This equals $14.60 for every $1,000 invested.
